Additional comments to go with Annual Return for 2019-2020

It is clear that, while the Clerk was on maternity leave during the year, some processes and procedures were not fully followed. For example, the Cash Book was not properly written up and some approvals were not recorded in the minutes. I have discussed these issues with the Clerk and anticipate that now she is back working for the Council, most of the issues picked up (including those where I have given a 'No' response) are in the process of being rectified. My detailed report as sent to the Council expands upon some of the issues.

The main areas (for which I have given a 'No' response are)

A Although a cash book has been kept, the payments and receipts have not been analysed to the headings in the analysis columns. This makes it difficult for the proper control of expenditure to take place.

D The budget setting process was not properly carried out at the appropriate time.
